WHERE TO GO FOR CARE

Sky Lakes offers several ways to get the care you need. Use this guide to find the best fit for you.

	 EMERGENCY ROOM Open 24 hours a day.	 IMMEDIATE CARE Open every day, 8 am to 8 pm.	 PRIMARY CARE Open weekdays, 8 am to 5 pm.
WHEN TO GO	When the situation requires rapid or advanced care that is only available in a hospital setting.	Go to SkyCare Immediate Care if you have a medical problem that can't wait, but it's not an emergency.	To maintain or improve your overall health. Your primary care team is your partner in wellness.
WHY TO GO	Go for life-threatening emergencies such as severe injury, loss of consciousness, chest pain, or difficulty breathing.	Go for common conditions such as minor cuts, minor injuries, sprains, fever, cough, and earaches.	Go for ongoing care, wellness checks, regular vaccinations, and chronic disease management.
WHAT TO EXPECT	Emergency Rooms see patients according to the seriousness of their conditions. You may have to wait.	The new SkyCare Immediate Care sees patients as they come in, but you can save your place in line with MyChart.	Your Primary Care team may be able to see you the same day or within a few weeks. Call or send a MyChart Message for an appointment.
